PROFESSIONAL SUMMARY

Backend-focused MERN developer with experience building ERP systems in a startup environment using Node.js, Express.js, MongoDB, Socket.IO, following clean **Controller - Service - Repository** layered architecture. Skilled in designing REST APIs, implementing scalable backend architectures, and collaborating in fast-paced development teams,

SKILLS

Frontend:	Next.js , React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS
Backend:	Node.js, Express.js, RESTful APIs, Socket.IO, MVC Architecture, AI-integration
Database & Caching:	MongoDB, Mongoose, Redis, MySQL
Authentication & Security:	JWT , Passport.js, Authentication & Authorization, Middleware
Languages :	Java, Python, JavaScript DSA: 100+ problems solved
Deployment & Platforms:	Vercel, Render
DevOps & Tools:	Docker , Git, GitHub, Postman, Axios, Joi, Multer, Cloudinary
Core Subjects:	DBMS, Operating Systems, Computer Networks, OOPs

WORK EXPERIENCE

Backend Developer Intern — Brinavv Technologies Mar 2026 – Present

Tech: Node.js, Express.js, MongoDB, Git

- Built the **Attendance Management module from scratch** and contributed to Academic features for a production ERP system
- Implemented **MongoDB transactions** to ensure data consistency across multi-document operations
- Reduced average API response time by **40%** through backend optimizations and efficient database operations
- Followed **Controller → Service → Repository** layered architecture in a team codebase; collaborated with frontend devs via feature-branch **Git workflows**
- Delivered backend features under tight timelines in a fast-paced startup environment

Projects

Airbnb Clone (Wanderlust) | Full-Stack MERN Project

Tech: Node.js, Express, MongoDB, Mongoose, Passport.js, Joi, Multer, Cloudinary, Bootstrap

Live: <https://wanderlust-an7f.onrender.com/listings> | GitHub: <https://github.com/ankryv1/wanderlust>

Built and deployed a full-stack MVC application with authentication and authorization, secure CRUD operations, server-side validation, image uploads, and protected routes.

EDUCATION

Bachelor of Technology (B.Tech) in Information Technology, Expected Graduation: June 2028 | CGPA: 8.0

Rajasthan Technical University – Kota, India

Jee Mains- 92 percentile

Certificates

MERN Stack Developer- Udemy | [Certificate](#)
